EXPLORE LANGUAGE FEATURES | PART 3 OF THE iLEAP CYCLE

01

## ACTIVITY 1

In the previous activities, you identified a goal and found some samples to use. Now, use the Before/During/After approach to explore the samples. You can use the template below to keep yourself organized:

Goal:

Sample:	Source:	Features:
	<input type="checkbox"/> internet <input type="checkbox"/> media	<input type="checkbox"/> vocabulary <input type="checkbox"/> pronunciation
	<input type="checkbox"/> print <input type="checkbox"/> people	<input type="checkbox"/> grammar <input type="checkbox"/> culture

- **Before**

What can I expect?

What questions do I have?

- **During**

How will I be active?

- **After**

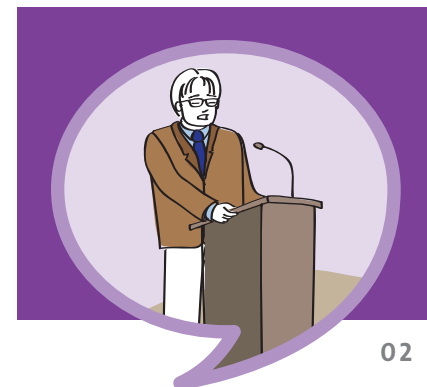

Was my expectation correct?

How will I remember what I've learned?

What should I explore next?

EXPLORE LANGUAGE FEATURES | PART 3 OF THE iLEAP CYCLE

02

## ACTIVITY 2

After you have explored your samples, ask yourself the following questions. Use your own answers to help guide your future studies.

1. What types of samples (reading samples, viewing samples, or listening samples) are best for practicing:
  - Vocabulary?
  - Grammar?
  - Pronunciation?
  - Culture?
2. Which language feature do you enjoy learning the most? The least? Why?
3. How do you think you could make learning all language features enjoyable? Share your ideas with other students and learn from them.
4. Why do you think it's important to complete a Before, During, and After stage when you're exploring your samples? What might happen if you leave one stage out?
